

CLASSIC ADRENALIN ST 10W-30 4T

4-stroke engine oil SAE 10W-30 based on sythesis technology

Description

CLASSIC ADRENALIN ST 10W-30 4T is a four stroke motorcycle oil, based on HC base oils and specially developed additives which give this oil an extraordinary high performance level.

Application

CLASSIC ADRENALIN ST 10W-30 4T was specially developed for the use in four stroke motorcycle engines with wet running oil-bath clutches. It is suitable for all motorcycles with a shared oil circuit of motor, clutch and gear. It achieves an excellent clutch performance through its friction coefficient requirements with JASO MA2.

CLASSIC ADRENALIN ST 10W-30 4T gives excellent corrosion- and wear protection for engine and gear-box and also a high protection against oxidation through the, for this lubricant selected, HC synthesis oils.

Properties

- Stable lubricant film even with hot oils and under high load
- Shear-stable "stay-in-grade"
- Good cold viscosity, ensures a fast lubrication and low cold wear
- Mixable and compatible with other brand motorcycle oils (To keep the best performance a complete oil change is recommended.)

Product data

Properties	Unit	10W-30 *
Color		Red
Density 15 °C	g/cm ³	0,865
Viscosity 40 °C	mm ² /s	64
Viscosity 100 °C	mm ² /s	10
Viscosityindex		145
Pourpoint	°C	-39

* are average values and may vary in the framework of the standard
